

CRIME AND LAWLESSNESS SEEK THE DARKNESS

- Thieves prowl about under cover of night
- Women and Children are assaulted on dark streets
- Accidents are Frequent on Unlighted Roads

A WELL LIGHTED CITY IS A SAFE PLACE TO LIVE

**Boulevard Lights On Every Street In Torrance
Will increase the value of your property
and the safety of your life and family**

The lighting of our streets at night is a vital municipal issue and adequate illumination, besides being a convenience, is, in addition, a protective necessity.

Good lighting is an indication of prosperity and an investment in well designed ornamental lighting system such as the proposed boulevard lights for Torrance pays large dividends to the taxpayers in enhanced real estate values.

Good street lighting creates a psychological impression of thrift and progress, advancing civic pride, attracting favorable publicity and promoting other investments. It assists the Fire and Police Departments, facilitates congested traffic and decreases crime.

**Vote "Yes" On Lighting Bonds
Tuesday, November 27th**

**And there will be
Boulevard Lights on Every Street in Torrance
Within the tree rows and on all the main thoroughfares
to the city limits**

NOTE: It will cost only 10 cents
per year on each \$100.00 of
assessed valuation.
